PART 2 GENERAL INFORMATION

A. SCOPE OF WORK

The Board of Directors of the 9th District Agricultural Association (DAA), in releasing this RFP intends to award an operations agreement for a period of 3 (three) years (2024-2026) under which the potential contractor will promote and operate stock car auto racing events at the racetrack located on the Redwood Acres Fairgrounds.

Promoters will be responsible for stock car auto racing events each year, during annual racing seasons beginning May through September. Go-Kart racing, motorcycle events, demolition derbies, monster truck and rock crawling events, concerts, truck/tractor pulls, mud bogs and any other activity except stock car auto racing fall outside the scope of this RFP.

Please note, this RFP is for the promotion of stock car auto racing events only. This does not include alcohol sales or food concessions. “Redwood Acres Friends of the Fair” holds the master concessionaire agreement with the 9th DAA, and holds first right of refusal for all alcohol sales on fairgrounds property. Redwood Acres Friends of the Fair may contract with race promoters for a percentage of profit. Any such agreement will be separate from the 9th DAA. All grandstand food concession sales will be provided by the current grandstand concessions tenant with approval from, and contracted with the 9th DAA.

At the conclusion of the three (3) year period, the DAA, at its sole discretion, may extend this contract annually, upon terms satisfactory to the DAA and Promoter.

B. FAIR DESCRIPTION

The Redwood Acres Fair is operated by the 9th District Agricultural Association. The 52 acres of grounds features several major buildings offering an abundance of public assembly area, along with 4000 grandstand seats. The facility is used for a variety of other community and private events throughout the year. These include auto racing, motorsport events, dinners, horse and livestock shows, trade and specialty shows, meetings, and small to medium conventions.

The DAA is governed by a nine-member Board of Directors and the fairgrounds is operated by its CEO. The facility is a community center of activity for all of Humboldt County serving in times of need and during times of entertainment.

C. GOALS FOR MOTORIZED RACING

The primary goal for the motorized auto racing program is to increase revenues for both the contractor and the DAA, while maintaining or improving upon the quality of the program and relationships with the community and racers. It is our desire to maximize the racetrack at the Redwood Acres Fairgrounds to its fullest capability for the benefit of the DAA and the enjoyment of the public.

An additional goal of the DAA is to have the contractor assist in maintaining and upgrading the quality of patron and participant facilities, which are currently of a high standard. Safety measures for patrons and participants are a primary important element of these facilities and the DAA will work with the successful bidder to identify and prioritize improvements.

Lastly, the DAA desires to support the stock car racing industry and is looking for a contractor who understands the full cycle of racing and its history among American families and both the local and regional racing community.

D. BIDDER RESPONSIBILITY

Read this RFP very carefully, as the DAA shall not be responsible for errors and omissions on the part of the bidder. Carefully review the final submittal, as the Evaluation and Selection Committee (Committee) will not make interpretations or correct detected errors in calculations.

E. DELIVERY OF PROPOSALS

Prior to awarding the contract, the DAA shall post a “Notice of Proposed Award” at the administration office and online for five (5) working days. In addition, a copy of the notice will be mailed and emailed to each bidder. If a protest is filed within this 5-day notice period (close of business on the fifth working day), the contract shall not be awarded until the protest is withdrawn or DGS has rendered a decision.

If no protest has been filed during the 5-day “Notice of Proposed Award” period, the Board of Directors, during a public and open meeting, may award the contract to the winning bidder or, in the alternative, reject all bids.

Certified small businesses or microbusinesses can claim the 5% preference when submitting its bid. The 5% preference is used only for computation purposes, to determine the winning bidder, and does not alter the amounts of the resulting contract. A contract awarded based on the 5% preference is awarded to the small business, microbusiness, or non-small business for the actual amount of its bid.

A business must be formally certified by DGS to be considered for the small business or microbusiness preference. If not currently certified, a bidder may claim the preference if the bidder submits a

complete application for certification with its submittal to DGS by 5:00 p.m. on the bid due date, with a copy of the completed application and proof of its transmission to the DAA with its final submittal. Thereafter, the bidder will need to submit the certification to the DAA no later than May 14, 2024. A non-small business may receive a preference of 5% if the business commits to subcontract at least 25% of its net bid price with one or more small businesses or microbusinesses. The preference to a non-small business bidder that commits to small business or microbusiness subcontractor participation of 25% of its bid price shall be 5% of the highest responsive, responsible bidder's total score. A non-small business, which qualifies for this preference, may not take an award away from a certified small business.

Note that for this RFP, the proposed contract does not permit subcontracting for food and beverage concessions.

All bidders should inquire from the contact person listed on the cover sheet whether any addenda have been issued prior to submitting a proposal in response to the RFP.

3. Definitions

The use of "shall", "must" or "will" indicates a **mandatory** requirement or condition in this RFP. Failure to comply with such requirements or conditions will result in the disqualification of a proposal.

The words "should" or "may" indicate a **desirable** attribute or condition but are permissive in nature and may affect the score the proposal receives.

4. **Grounds for Rejection of the Proposal**

A proposal **shall** be rejected if:

- It is received at any time after the exact time and date set for receipt of bids or not delivered in the manner as stated in Part 2, section C.

- It is not prepared in accordance with the required format or information is not submitted in the format required by this RFP.
- The bidder has submitted multiple bids in response to this RFP without formally withdrawing other bids.

A proposal **may** be rejected if:

- It contains false or misleading statements or references that do not support attributes or conditions contended by the bidder. However, the proposal *shall* be rejected if, in the opinion of the DAA, such information was intended to mislead the DAA in its evaluation of the proposal and the attribute, condition or capability of the requirements of this RFP.
- It is unsigned.

5. Right to Reject Any or All Proposals

It is the policy of the DAA not to solicit proposals unless there is a bona fide intention to award a contract. However, the DAA Board of Directors reserves the right to reject any or all proposals or to cancel the RFP at any time prior to it awarding a contract.

B. OTHER INFORMATION

1. Disposition of Proposals

All materials submitted in response to this RFP would become the property of the DAA. All proposals, evaluations, and scoring sheets shall be available for public inspection at the conclusion of the committee scoring process and announcement of intent to award. If an individual requests copies of these documents, the DAA will assess a fee to cover the direct costs of providing duplicates. Documents may be returned only at the DAA's option and at the bidder's expense. One copy of each bidder's proposal shall be retained for official DAA files in accordance with its record retention policy.

2. Confidentiality of Proposals

The DAA will hold the contents of all proposals in confidence until issuance of the “Notice of the Proposed Award”. Once issued, posted and protest period has elapsed, no proposal will be treated as confidential.

3. Modification or Withdrawal of Proposals

Any proposal, which is received by the DAA before the time and date set for receipt of proposals, may be withdrawn, or modified by written request of the bidder. However, to be considered, the modified proposals **must** be received by the time and date set for receipt of proposals in Part 2.

A bidder cannot withdraw or modify a proposal after the due date and time for receipt of proposals and, further, a bid cannot be “timed” to expire on a specific date. For example, a statement like “This proposal and the cost estimate are valid for 60 days” is non-responsive to the RFP and shall on that basis be rejected.

PART 4
EVALUATION, SELECTION, AND SCORING PROCESS

Each proposal shall be evaluated for responsiveness to the DAA's needs as described in this RFP. This part describes the process the DAA will follow when evaluating and scoring proposals and awarding the contract, if any is awarded, and contains the exact scoring criteria to be used.

A. EVALUATION AND SELECTION PROCESS

1. Following the deadline for receipt of proposals, each proposal will be reviewed to determine if:
 - Proposal was received by the deadline time and date; and
 - Proposal was delivered in the required manner; and
 - Technical proposals contain the format requirements and all information requested.

If a proposal does not conform to the above requirements, it shall be rejected. This is not a public review.

2. Proposals that meet the requirements as stated in the previous paragraph will be submitted to the Committee for:
 - Review and scoring of the technical proposal.

This is not a public review.

3. The DAA reserves the right to verify any reference and employment experiences referenced or disclosed in a proposal or to ascertain the accuracy of information presented. Misinformation or inaccuracies may be grounds for disqualification or receipt of a lower score.
5. The "Financial Proposal Bid Form" of all qualifying technical proposals are then opened and scored. This is a public opening. The points are added to the technical proposals to obtain a total score.
6. Certified small business bidders shall be granted a preference of 5%.
7. The proposed award will be made to the bidder with the highest final score.
9. In the event of a tie in determining the successful bidder, the tie will be broken by a toss of a coin by a member of the Committee and in the presence of authorized representatives of the tied bidders.
10. All bidders will be notified of the results via email, if provided, and mail.

PART 5 FORMAT AND CONTENT REQUIREMENTS

These instructions prescribe the mandatory proposal formation and the approach for the development and presentation of proposal data. Proposal format instruction must be adhered to, all questions must be answered, and all related data must be supplied. Failure to prepare proposals in the following required format will result in elimination from proposal evaluation.

The proposal must be printed on 8 ½ x 11-inch paper. The pages of the proposal must be numbered in the following format “Page X of X”. Proposals need not be elaborate as to construction or graphics. The Evaluation Committee will consider the ideas presented within, rather than the appearance of the proposal.

TECHNICAL PROPOSAL

The technical proposal shall contain at a minimum, the following information. Supporting documentation may also be included. Any material which a bidder may wish to have considered on its behalf must be submitted, in writing. No verbal information may be considered by the Evaluation Committee.

Each proposal must be submitted with a cover letter, on letterhead, and contain the following statement followed by the signature of a representative authorized to submit the proposal:

“Submission of this proposal signifies that all terms, conditions, requirements, protest procedures, performance measures, and instructions concerning the award of the RFP to which this proposal responds, have been read and understood. Further, in signing this letter, as the authorized representative of the submitting firm, it is agreed that failure to have provided accurate and truthful information in this proposal or any deviation from any requirement or performance measure stated in the RFP shall constitute grounds for rejection of this proposal.”
